

BEST PRACTICES -2021-22

PRACTICE 1:

TITLE OF THE PRACTICE: ORIENTATION OF STUDENTS AND STAFF IN IIC ACTIVITIES.

To promote innovation in the institution through multitudinous modes leading to an innovation promotion eco-system in the campus.

Objectives:

- To establish IPR, Incubation, Innovation and entrepreneurial activities periodically in the institution.
- To Train the Staff as Innovation Ambassador.
- To do MOU with Affiliating University Department That is Innovation, Incubation and International linkages.

The Context

The institute established Institute Innovation Council (IIC) in association with MHRD Government of India. The main intention of IIC is to create a vibrant local innovation ecosystem along with start-up supporting mechanism. The institute submitted application to MSME for establishment of incubation center to promote ecosystem for scouting ideas. It leads to development of cognitive ability for technology among students.

The Practice:

The main component of the IIC Team formation is to establish ecosystem of Innovation, Start-up and Entrepreneurship in the Institutions. If the practice has been initiated from the entry level of the students in Engineering College, the holistic, essence of learning takes place and this practice transforms the Arts and Science students towards a phenomenal achievement towards the society. This practice has been initiated in creating awareness about the Innovative council and its importance. This result in National seminar and on the event of “World Entrepreneurs Day” Celebration the substance of the cell has reached the students and faculty after listening to the talk of the resource expert.

The functions of IIC are as follows

- **IIC Calendar Activities:** This promotes the benefit in terms of learning, Skill and Knowledge through creating awareness for the faculty as well as students of this Institution.
- **IIC Council Meeting:** Review of progress in the meeting and to establish the council activities.
- **Innovation Cell:** It promotes the innovative ideas through various sessions enabling the students to make understand the real essence of innovation and activate them through the innovation cell activities.
- **Activities of IIC:** Various activities like workshops, webinars
- **Intellectual Property Cell:** As part of various expert sessions regarding Intellectual Property and Rights, it creates and promotes understanding among the faculty and students about approaches and practices in this field.

Evidence of Success:

- 15 events/ activities were organized by the four wings of IIC.
- 21 members of IIC completed Innovation Ambassador Training.
- Based on the performance of IIC, our Institution secured 3.5 star rating in final assessment, graded by MIC, Govt. of India for the AY 2021-22.

Problems Encountered and Resources Required:

- Arranging funds for the growing startups is a pressing concern.
- The institution has adequate facilities equipped with ICT tools, therefore the problems are not encountered in the process of organizing various activities of IIC.

E- QUIZ ON ENTREPRENEURSHIP

The Institution's Innovation Council of Shri Govindrao Munghate Arts & Science College, Kurkheda organized 'Entrepreneurship Quiz' on September 14-09, 2021.

The idea of infusing entrepreneurship into education has spurred much enthusiasm in the last few decades. A myriad of effects has been stated to result from this, such as economic growth, job creation and increased societal resilience, but also individual growth, increased school engagement and improved equality. Putting this idea into practice has however posed significant challenges alongside the stated positive effects. Lack of time and resources, teachers' fear of commercialism, impeding educational structures, assessment difficulties and lack of definitional clarity are some of the challenges practitioners have encountered when trying to infuse entrepreneurship into education. What we mean when we discuss entrepreneurship in education differs significantly. Some mean that students should be encouraged to start up their own company. Why entrepreneurship is relevant to education has so far primarily been viewed from economic points of view.

Objective: The objective was to create a networked platform and ecosystem for early-stage entrepreneurs and to instill entrepreneurship culture among the students & faculties.

The what and why about the entrepreneurship knowledge, terminology related to entrepreneurship, etc., to students and faculties.

The day of September 14 2021 was selected as it is Hindi day.

Timing of the quiz: from 10.00 AM to 11.00 PM

Umbaratha is a plot based on a teenage boy. Pankaj is looking for sex. The opportunity to express his desires is limited by his cultural code of conduct, which comes from the patriarchal Indian upbringing that comes with gender stereotypes and his natural desire to identify with the opposite sex.

येईल हे यासाठी प्रयत्न करणे आवश्यक. स्त्री पुरुष समास्त प्रेरित करण्यासाठी चित्रपट हे प्रभावी माध्यम आहे. याकरिता वैश्वीकरण नाही तर सामाजिक कुटी मुद्दा अतिशय महत्त्वाची आहे. जे संस्कार शंभर पुस्तकातून होत नाही ते एका चित्रपटातून मोठ्याच प्रयत्न दिग्दर्शक करीत असतात. तर हरीश सदाना म्हणाले की, विदर्भात मावा संस्थेचे चित्रपट महोत्सवाकरिता पहिलाच प्रयत्न असून गाईचरीले निलंबिततून दुर्गम भागात असणाऱ्या मुनघाटे महाविद्यालयाचे या चित्रपट महोत्सवासाठी केलेले तयारी व त्याची संपूर्ण निवोन वाखानण्यायोगी असून संस्थेचे व प्राचार्याचे अभिर्नदन करीत या चित्रपट महोत्सवाच्या माध्यमातून जो संदेश मिळेल तो समाजापर्यंत पोहोचविण्याचे कार्य विद्यार्थ्यांनी करावे, असे आवाहन केले.
